## **Career Objectives**

To apply my degree knowledge and experience in a rewarding, challenging and multi-faceted role.  
To utilise both my technical ability and my strong team working skills.

## **Employment**

### **Digital Media Intern – Nickelodeon UK Ltd**

**Jan 2010 - date**

- Helped manage the delivery of websites to support key properties e.g. SpongeBob SquarePants and channel events e.g. Valentines day on Nick.
- Developing new ideas to drive audiences cross-platform, against known, emerging and predicted trends.
- Produced and edited all of Nick.co.uk and Nickjr.co.uk video content.
- Researched, wrote and produced editorial features, working with key Nickelodeon, MTV and industry talent.
- Updated websites using html, Photoshop, Content Management Systems and other technologies.
- Monitored and put live user-generated content.
- Created images for existing and redesigned websites.
- Helped Director, Production Manager and Producers with ongoing admin, production processes and site analytics.
- Audited and filed content.

### **Artist Assistant - Bomar Edition Ltd**

**Aug 2009 – Jan 2010**

- Assisted Marco Bolognesi in the experimental stages of his latest video project.
- Digitised and edited a wide range of video content.
- Gained experience of working in a professional studio environment.

## **Group Exhibitions**

By using my knowledge of curatorial and exhibition procedures I have organised and exhibited in five group shows. This gave me excellent experience of operating AV equipment and working under pressure. It also heightened my problem solving skills as I provided assistance to non-technical artists.

One Off - Kingston University (June 2009)

New Things I Would Like to Tell You - Stanley Picker Gallery (May 2009)

Making and Showing - Kingston University (Feb 2009)

Out There - Kingston University (June 2008)

Revealed - Portland Road Studio (June 2007)

## Education

### Kingston University (2006 -2009)

BA (Hons) in Fine Art - First

### UCA Canterbury (2005 – 2006)

BTEC Foundation Diploma in Art & Design

NCFE Advanced Certificate in Creative Craft: Graphic Crafts

### Borden Grammar School (1997 – 2005)

A Levels in Design Technology (B), English Literature (C), Art (C) and General Studies (B)

AS Level in Biology

GCSEs in 10 subjects including Maths, English and Science

## Skills Profile

**Team Working Ability** - Having collaborated on many projects and group shows, teamwork and understanding the importance of diversity and inclusion are qualities on which I pride myself. I consider good communication, proactive thinking, commitment and an open-minded attitude to be my key attributes that I can bring to a team. This was demonstrated when helping to curate my final year degree show.

**Time Management and Drive** - I am comfortable with prioritising an unpredictable workload as I have been set multiple projects on a regular basis at university and at work. Receiving a first class degree shows my determination and ability to and plan time effectively and meet deadlines.

**Technical Ability** - I am highly experienced in the following software: Windows OS; Mac OS; Final Cut Pro; Adobe Premiere Pro; After Effects; Photoshop; Illustrator; Flash; Dreamweaver; Visual Studio; Omniture; Visual SourceSafe; MS SQL Server Management Studio 2005; Internet Information Services Manager; Microsoft Office Suite; All ftp clients.

## Interests

**Art and Film** - I regularly visit London galleries and cinemas; I have a genuine passion for contemporary film, fine art and design.

**Music** – I enjoy playing the violin and drums in my spare time. Music is highly influential in my work, especially when creating audio for my videos.

**Computing** - I have designed my own website to display my artwork and receive feedback. I also write news updates and reviews for a PC gaming website.
